

Welcome To The Northport Hotel

Nestled in the heart of Northport village on Long Island's North Shore, The Northport Hotel is a boutique property that blends refined luxury with the warmth of a place that feels entirely your own. With just 26 beautifully appointed guest rooms, the hotel offers an intimate respite — where every guest is known, every preference is remembered, and every stay is genuinely personal.

The hotel's interiors speak in a language of quiet sophistication — heated bathroom floors, vintage chandeliers, wide plank walnut, classic moldings, and bespoke touches at every turn. A chilled bottle of prosecco and a curated selection of savory bites and sweets waiting when you arrive — because the experience begins the moment you walk through the door.

Our signature restaurant and bar is a sophisticated, chef-driven dining destination accommodating up to 175 guests. Seasonal menus, an exceptional culinary team, and a wine program honored by Wine Spectator come together in a setting that is as suited to an intimate dinner as it is to a full-venue celebration. Dining here is never an afterthought. It is part of the experience.

Beyond the hotel's doors, Northport's storied harbor village unfolds. Catch a Broadway-caliber performance at the John W. Engeman Theater — directly across the street. Then stroll to the waterfront, discover local boutiques, a craft brewery, and a North Shore vineyard a short drive away.

For those flying in, Long Island MacArthur Airport is 30 minutes from the door, while John F. Kennedy International Airport and LaGuardia Airport are each about an hour from the property. Manhattan is just over an hour by car or train. Guests arriving by private boat are welcome to dock directly in Northport Harbor, just a few blocks from the hotel.

The Northport Hotel. Boutique by design. Unforgettable by nature.
